# Elevate your Soul

with the Soul Touching Divine Master

“SIDDHGURU”

Sri Sidheshwar Brahmishi Guruvar, Tirupati

*'Whose very glimpse can alter the direction and destiny of your life...'*

'Siddhguru' Sri Sidheshwar Brahmishi Guruvar - After eons we have a divine flame, an incarnate **Siddhguru** of the current era, a **Soul Touching Divine Master**, whose very glimpse can alter the direction and destiny of your life. He is one who can not only read your destiny but also defines it and can change it by aligning you with the Almighty in your spiritual journey.

A gentle and humble personality, 'Siddhguru' at an early age, not only excelled in the quest for worldly knowledge but also attained total knowledge of the holy scriptures like *Aagam, Vedas, Guru Granth Sahib, Ramayan, Bible, Quran, Puranas, Upanishads, Epics, Bhagavad Gita, Es Dhammo Sanantano* amongst others. Along with Sanskrit, he also has a Doctorate in Astrology. With His seven Chakras of Kundalini being awakened by birth, Siddhguru is a divine incarnation with Supreme spiritual powers. Being in a state of deep Penance (*Samadhi*) for several years and furthering his immense spiritual powers, He also experienced the celestial worlds of Shiv Lok, Vishnu Lok and Brahm Lok. He became a **Brahmishi** and a **Sidheshwar**.

Furthering his '*Saadhana*', he has effectuated mastery over '**Ashta Siddhis**', the "Eight Supernatural Divine Powers" (Anima, Mahima, Garima, Laghima, Praapti, Prakamya, Isitva, Vasitva). This greatest power has been attained only by Lord Vishnu, Lord Shiva and Lord Hanumana. He has also attained mastery of '**Nav Nidhis**', the "Nine Supernatural Divine Treasures" (Padma Nidhi, Maha Padma Nidhi, Shankha, Makra, Kacchapa, Mukunda, Nanda, Nila, Kharva), whose divine God is Lord Kuber thereby becoming a Sidheshwar. In Kalyug it is literally impossible for anyone to attain these powers. In the process, He has remained in Sadhana without partaking any food and even water for many years. It is impossible to describe His divine powers in words. In His quest to decipher the true meaning of life through His continuing philosophical and spiritual research, He has also found the nearly extinct power of Mantras (**Mantra Shaktis**) and power of Tantras (**Tantra Siddhis**) advocated by the great ancient Divine Masters and Saints (Rishi Munis) of this world and gained absolute power & knowledge over them.

At the pinnacle of spiritual excellence, today there is no parallel to Siddhguru's worldly knowledge and spiritual attainments. He is a Living God, a divine soul with complete knowledge of the wheel of time - the past, present and future. He has incarnated on this earth with the sole purpose to heal and strengthen millions of souls, purify them and make them Spiritually and Divine conscious. His divine prowess and dedication to humanity has helped, protected and healed millions. His omni-present divine aura protects his devotees in invisible ways even when he is thousands of miles away from them. All this is possible through the powers of His Yog Sadhana. He strongly advocates that "*Service to Humanity is the best work of Life*". As per the tenets of '*Swadharna*', he uplifts people on their spiritual journey by inspiring them to follow the practices of yoga, meditation, pranayam, dhyana, penance, austerity, vows etc., thereby transforming their lives and freeing themselves from the shackles of Karma. Towards this, we have an ongoing program in the Ashram called "*Siddhasana - the Power of Soul*" which is conducted free of cost. Practicing the principles of '*Pardharma*', he promotes various social initiatives that has helped alleviate the sufferings of millions of poor, needy, deprived and lesser privileged, specially and mentally challenged people by providing them with better life conditions, education and medical care, drinking water facility etc. He has also adopted and supported tens of thousands of orphan children thereby empowering them with a better and secure life. He is an embodiment of compassion, love, humility and simplicity. The Ashram is also imparting free education to hundreds of thousands of deprived girl children across the globe.

Under the aegis of World Spiritual Forum, He has travelled across 192 countries as an ambassador of peace, non-violence, unity, unconditional spiritual Love and humanity, working towards establishing a world without casteism or communalism, where only the essence of humanity prevails and the world is a family. He is here not to advocate or propagate a new religion but to share with us the right way of living through the path of spirituality, laws of life and rhythm of life. He believes that despite different streams of thought, Religion (*Dharma*) is one. Religion should be a way of life. His life is an example for this and the generations to come. He strongly advocates that *"Religion (Dharma) does not bind us, rather frees us from all bondages of Deeds or Karma"*. He believes that Saints and Gurus are here not to give us a cult or a religion but to teach us the correct way of life, justice of life, ensuring our smooth and successful transition from the worldly bondages towards the Almighty. Having taken a human form, living is imperative, but it is far more important to lead an exemplary life of purpose and meaning.

*Experience the experience of the experienced* - In this sea of humanity, finding a complete and true divine Guru like Siddhguru is in itself one of the greatest fortunes that anyone can experience.

Similar to those who had the fortune of witnessing the divine Lord Shiva, Lord Rama, Krishna, Buddha, Mahaveer, Guru Nanak Dev, Jesus etc., in human form in their respective eras, we too are blessed to be in the midst of Siddhguru. 'Siddhguru' Brahmurishi Guruvar is not someone who knows about the Almighty - He knows 'The Almighty'. He is an enlightened powerful soul, an incarnate form of the Almighty.

*"It is true that even partial faith and belief can take you to heaven, but absolute and complete faith and belief will bring heaven to your doorstep."*
